Spring Break '08 Camp

March 31-April 4

Life on the Ranch

(Inspired by the book, Meanwhile Back at the Ranch by Trinka Hakes Noble)
Rancher Hicks leads a life so uneventful that he takes a trip to town just to see what is happening. Wife Elna stays home. While the rancher is amusing himself with the high life in Sleepy Gulch getting his whiskers trimmed, having lunch at Millie Mildew's, and watching a turtle cross Main Street Elna is home winning contests, inheriting fortunes, starring in movies, and entertaining the President.
